### Description:

This is a solid 92 Toyota Pick-up. She was an Arizona truck most of her life. I brought her up here two years ago, when I moved to Utah. She is mechanically sound, with maintenance kept up on her, and has been extremely reliable. She is two wheel drive, with a 5 speed transmission, and a 2.4L 22re. All the issues with her are cosmetic. She has never let me down or left me stranded. The got a full engine rebuild at 157,000 miles. I have pictures of the rebuild. She got basically all OEM parts put back into her 2.4L 22RE engine. She has aftermarket King Suspension on the front end, fiberglass fender flares, 31 x 10.5 x 15 Falken Wildpeak AT3W oversized tires, a full sized spare, and a high lift jack in the bed. \$4400 OBO. Cash is preferred. Any questions, feel free to shoot me a message. I will answer all questions to the best of my abilities. Clean Utah title in hand. I am willing to transport the truck for the sale.
