Listing details

Description:

Enjoy comfort and freedom in your very own traveling rooftop paradise!

This 4 door 4x4 truck, like all Toyotas, is extremely reliable and fun to drive! With all the bells and whistles you need to really enjoy the Pacific Northwest.

Three windshield wipers? Check.

Dash mounted compass? Check.

A huge panoramic windshield for ultimate views? Double check!

The rig has capable (large!) tires, that make driving in rain, snow or trails much safer. The tires are also comfortable for highway driving. No true offroading, please, but light logging roads and trails to your campsite will be no obstacle.

The truck is lifted, but also has convenient steps to make getting in and out easier. It has a ladder (separate from tent ladder), bike rack and spare tire mounted on the back. It has hot heat and cold A/C, radio and bluetooth connection for music and an electrical outlet in the rear of the vehicle.

The truck is equipped with a high end Prinsu roof rack—specifically chosen to safely support the rooftop tent (and you inside of it!). The tent is made by Inspired Overland, pops up and down in about 3 minutes and is only 85lbs, which means better gas mileage for your trip.

Close to PDX airport (15 mins).

Please note: Dogs are allowed, but not allowed in the rooftop tent. If you bring your dog you are required to choose the pet add-on which includes a dog bed for them to sleep in.

Specs

Sleeps: 2
Seats: 5
Mileage: 100
