Listing details

Description:

Camping in Montana is one of the reasons to visit our beautiful state, why come to such an amazing place to spend it in hotel! I've owned truck campers, pull campers, motorhomes and now this set up and without a doubt it's the easiest most simple, yet comfortable method of camping I have done. Enjoy this set up in nature on over 23 million acres of public land with my very well maintained Jeep with removable roof panels, sweet easy to use hardshell roof top tent and camping gear.
