### Listing details

#### Description:

Albus is a brand new 2021 Airstream Basecamp 16X, a true outdoor adventurer's dream. It's rugged enough to get you as far off the beaten path as you want to go and comfortable enough to keep you there for as long as you want to stay.

Economically designed to meet all your getaway needs, Albus is equipped with high-end features, an on-board restroom, and living space that converts to a bed. So whether you're camping, tailgating, hiking, biking, kayaking, or enjoying a music festival, Nimbus is ready to turn your next adventure into the best one yet.

This rig is also jam-packed with high-end components. Albus has a combo furnace/water heater system, wet bath, AC unit with heat strip, 12Volt refrigerator and outdoor shower.

The back hatch door serves a dual propose. Easily load kayaks or bikes. Or enjoy the view in the morning or star gaze at night.

With a base weight of just 2,685 pounds and maximum trailer capacity (Gvwr) of 3,500 pounds, Albus is towable with a variety of small and mid-sized SUVs and Crossovers. Equipped with every necessity and many luxuries in one organized, uncomplicated design package, the nimble Basecamp makes remote locations even more accessible. So go ahead: Set your GPS, load your gear and hit the road. It's just that easy with Albus.

Once you reach your destination and ready to get some rest, the benches become a bed for two that covers the whole back of the trailer. If you want some sleeping space but also need room to get ready, you can partially convert the bench into a bed and leave the other as seating space.

You can keep the aisle open for gear or walking space, or set up two swiveling, easily-stowed tables for working or eating space.
