Listing details

Description:

After much deliberation I've decided to make my Ford E250 campervan available to others looking for a great vehicle to explore the Pacific Northwest comfortably and stylishly without breaking the bank. This van comes with everything 2 people would need for the ultimate road trip in any weather conditions. Pet friendly.

The interior of the van has been fully insulated with finished wood panels and wood bedframe, cabinets and shelves. Get a great night's sleep anywhere from a trailhead or Walmart parking lot in summer, to a ski area parking lot in winter. Fully stocked kitchen makes it a breeze to self cater. Charge your laptop, run the fridge, and listen to music from the van's sound system, all without draining the vehicle battery. Stow bikes, skis, etc under the bed and use the ample cabinets & shelves for anything else you might want to bring along.

Engine professionally inspected in June 2020 and in great shape. Rugged tires and high clearance make this a capable vehicle for any trip.

Owner is a professional adventurer and has a wealth of info about the best spots for wild camping, cycling, skiing, mountaineering, dog-friendly hikes, swimming holes, etc., up and down the West Coast & Rockies. Just ask!

Specs
