Listing details

Description:

Looking for the ultimate outdoor adventure vehicle? Look no further than "Shore Pine" the Winnebago Solis 59PX!

Features:

*Sleeps up to four people. 2 beds. The Solis 59PX features a full size murphy bed in the back. We added a memory foam 2" topper that makes it cozy! Just to let you know, the bed is tall and can be an issue to get in and out of.

Pop Top Bed with ladder access only. There is a table that can be put together right behind the drivers seat to accommodate up to 2 people.

Enjoy a small kitchenette with a refrigerator, propane burning cook top, small sink and additional countertop space for convenient meal preparation.

*Bathroom with shower: The Solis 59PX has bathroom with a shower. We try not to use the shower inside because it is pretty tiny! You can use it if you would like but there is an outdoor shower that I prefer.

*outdoor gear storage: Experience storage space for all your outdoor gear, including bikes, surfboards and camping essentials, so you can bring everything you need for your adventures.

*Advanced solar power system: The Solis 59PX is equipped with an advanced solar panel system, enabling you to extend your off-grid adventures and embrace sustainable travel.

Check in times are

1pm and check out is 1pm.

Feel free to ask about these times. I'm flexible depending on work / next reservation schedule but this must be communicated before departure if it is later than 2 hours there is \$50 fee and if it is more than 2 hours it is another day rental.

We are excited you want to van venture! We believe there is enough to see right here in the Pacific Northwest that we have an extra miles cap! If you plan on having extra miles no problem its .55 for every mile but we also do have a cap of 350 extra miles per booking beyond the 100 miles a day.

Book "Shore Pine" today and elevate your outdoor adventure to new heights of comfort and convenience!
