Description:

Mtn to Sea has this 2021, Subaru Crosstrek sport for sale. It has 99k miles and runs and drives great. It does have a rebuilt/restored title. It was in a minor accident back in 2022 on the driver front, no airbags popped and zero frame or suspension damage.

It has eye sight, blind spot, heated seats, push button start, bigger radio screen, backup camera, 2.5L engine that gets up to 26mpg in the city and up to 33mpg on the highway.

Exterior is in great shape. Small chips and scratches, but nothing really noticeable. Interior is also in great shape. Non-smoking or pet car.

It just had a fresh synthetic oil change, new air filter, cabin filter, new front and rear ceramic brake pads. It has almost new Goodyear reliant all season tires. It also has a 1" lift kit for more clearance.

Mtn to Sea Outfitters also offers anything wanted aftermarket. Lift kits, suspension upgrades, wheels/tires, lighting, bumpers, roof racks, undercarriage protection, roof top tents, anything Thule, etc, If interested and you want to setup an appointment to come look at it, call or text us at (801)608-3557

Justin (By appointment only)

\$13,495 plus tax, doc fee, title and license.
